RE: House Bill No. 1 of the 2009 Regular Session of the Legislature  
Provide for the ordinary operating expenses of state government for Fiscal Year 2009-2010

Dear Gentlemen:

As authorized by Article III, Section 18(B), and more particularly, Article IV, Section 5(G)(1) of the Constitution of Louisiana, I have exercised my right to veto 563 items of the General Appropriation Bill. I respectfully request that you deliver on my behalf the following message to the members of the Legislature:

Even as Louisiana's economy continues to out-perform the national economy and the South, we know we are not immune to the current national economic downturn. These economic forces, combined with significant declines in the prices of oil and natural gas and the leveling off of the post-hurricane economic boom, contributed to significantly lower revenues to state government and required meaningful reductions in the FY 09-10 budget.

But just like any family or business living within its means, a tighter budget for state government represents not just a challenge to live within our means, but an opportunity to think strategically, prioritize what is essential, and plan ahead by pursuing reforms and innovations that will strengthen our state for years to come.

Many of the critical steps in tightening the belt of state government began months before the start of the 2009 Legislative session. Departments were asked to evaluate their spending and to analyze the performance of programs within their agency to isolate those low-performing programs that could be targeted for strategic reductions in funding. Agencies were then asked to submit strategic priority plans, and for the first time in the history of the budget, they were also asked to provide meaningful performance data on the activities being funded through their agencies. These priority planning and performance review efforts helped ensure that spending reductions were targeted and prioritized, instead of implementing blanket across-the-board cuts with no account of a program's importance or performance history. This review process also helped departments identify critical services they wanted to protect from severe funding reductions.

Mr. Speer and Mr. Koepp

Through this thorough evaluation of current spending, the FY 09-10 budget includes targeted cost savings across state government that streamline government and increase efficiencies of service. In many instances, these savings came as a result of reforming policy, by consolidating offices and functions, and by downsizing or eliminating some programs and halting the expansion or creation of new programs.

Even as we tighten our belt in state government, we will absolutely not waiver from our commitment to continue moving Louisiana forward. The FY 09-10 budget protects and continues our investment in ethics reform and transforming our workforce development system, while also maintaining the state's commitment to strategic investments in health care, education, economic development, public safety, and other critical areas.

Working closely with the Legislature, we also took steps to mitigate reductions to higher education and healthcare and to give us an opportunity to prepare for continuing budget challenges in the years ahead.

Prior to House concurrence with the Senate-passed House Bill No. 1, we informed House leaders that we would veto everything in the bill contingent upon funding from the Insure Louisiana Incentive Program Fund, from the Budget Stabilization fund, and from delaying planned tax relief. The House did not approve the latter, and we have been informed by Senate staff that funding tied to all three sources was interdependent and could not be separated. We told leaders of our intentions because we wanted to be clear about our actions while we also worked with the Legislature to add funds back into the budget to aid higher education and health care through other appropriations bills.

This letter is to communicate that I have in fact vetoed those contingent items and others in House Bill No. 1, as follows:

These amendments provide for appropriations designated as “Supplementary Budget Recommendations” contingent on the abolishment of the Insure Louisiana Incentive Program Fund and an appropriation from the Budget Stabilization Fund, and upon the Delay of the Restoration of Excess Itemized Deductions and further contingent upon the recognition of additional revenue by the Revenue Estimating Conference. The Louisiana Constitution protects the security and integrity of the State Treasury by, among other means, requiring a balanced budget (“Appropriations by the legislature...shall not exceed the official forecast in effect at the time the appropriations are made.” La Const. Art. VII, §10E) and prohibiting appropriations based on contingencies

III §16A) These amendments provide for appropriations in excess of the official forecast and are based on events, including the passage of legislation, which have not occurred. Therefore, I am vetoing these items.

The Commission on Streamlining Government will make recommendations for streamlining state employees and agencies in the coming fiscal year and we want to include the input of this Commission, and the date included in this language precludes that. Additionally, the Commissioner will be making these recommendations to the Legislature as part of the Executive Budget submission process, and therefore, this language is duplicative and I am vetoing this item.
